

Peapod to Open an Office in Wales

As a result of increasing numbers of customers, Peapod opened a branch office in Wales on the 15th February 2008. The office is part of the new Llanover Business Centre which is situated in the heart of Llanover village between Pontypool and Abergavenny.

The office will be run by the Area Manager, Huw Jones who has been with Peapod for nearly 3 years. 'The new office is a very exciting move for Peapod and our 150 Welsh customers as we strive to even more increase our popularity to the high street in Wales. Over the past 3 years we have increased our customer base in Wales across all 5 of our products and I am excited about a new office that will give us not only an office for Customers to come and see us but also a professional look that will ensure we keep ahead of our competitors'.

Peapod's CEO Ian Wimbush comments 'We decided to open a Branch Office in Wales because of our large customer base that we believe is best served by having a branch office. Huw Jones as the Area Manager for Wales has been operating successfully for almost 3 years and has ensured the customer satisfaction levels are to the correct standard that we can now use this office to grow the business even more. Wales plays an important strategic part of Peapods Business and our presence in Wales goes back to the early 1990's'

Why not come and see a demonstration of LEGALOffice LOLA, our new Case Management product that is an upgrade from OFFICECase. Based on the latest Microsoft technologies VS 2008, LOLA offers lots of new features including intuitive time recording, stronger MS Word integration, quicker producing letters and documents, letter wizard for merge field checking so can use your standards letters or ours.

We aim to be releasing LOLA in mid March so watch here for launch dates in your area.

Huw is happy to welcome all Peapod Customers to the new office, whether for a demonstration of the new software or simply for an informal chat and a coffee when you're passing by.
